Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Data entry by : SALEEKUL, SIRILUCK

Team : OIPE

Date: 08/10/2001

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:

**REQUEST TO CORRECT FILING RECEIPT
AND PETITION UNDER 37 C.F.R. § 1.10(c) TO ACCORD FILING DATE**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Enclosed please find an original and a marked-up copy of a Filing Receipt mailed by the U.S. Patent and Trademark Office on August 10, 2001 in connection with the above-identified application. Please note the error where marked-up on the copy of the Filing Receipt in the "Filing Date" section. Specifically, the "Filing Date" section incorrectly indicates the filing date of the above-identified application to be June 6, 2001. The "Filing Date" section should state that the above-identified application was filed on June 5, 2001.

Applicants hereby petition the Commissioner under 37 C.F.R. § 1.10(c) to accord the correct date of filing of June 5, 2001. The facts in support of this petition are provided below.

On June 5, 2001, in accordance with the Rules of Practice for filing correspondence by "Express Mail" under 37 C.F.R. § 1.10(a), Applicants deposited a Request for Filing Continuation Application and Fee Transmittal and related documents (hereinafter, "the deposited correspondence") with the United States Postal Service (U.S.P.S.). Applicants used the U.S.P.S. "Express Mail Post Office to Addressee" service and paid sufficient postage therefor. The Express Mail Label No. was EL 525 963 264 US. A true copy of the stamped return postcard, which has an itemized list of the deposited correspondence mailed

on June 5, 2001, and Express Mail Label No. EL 525 963 264 US, is attached hereto as Exhibit 1. A true copy of the Post Office to Addressee Express Mail Mailing Label No. EL 525 963 264 US bearing the June 5, 2001 deposit date is attached hereto as Exhibit 2. The Express Mail mailing label clearly shows the "date in" as being the requested filing date of June 5, 2001. The Express Mail mailing label also bears a U.S.P.S. stamp verifying June 5, 2001 as the date of deposit with the U.S.P.S.

Also enclosed is a true copy of the Express Mail Certification dated June 5, 2001 and signed by an employee of Attorneys for Applicants, Mr. Chris M. Ries, is attached hereto as Exhibit 3. The Express Mail Certification indicates that the deposited correspondence corresponding to the attorney name "John P. White" and attorney docket no. "2793/50130-G/JPW/CMR" in that document, was inserted into the Express Mail package corresponding to the Express Mail Label No. EL 525 963 264 US, and that this package was deposited with the U.S.P.S. using "Express Mail Post Office to Addressee" service on June 5, 2001.

Accordingly, Applicants respectfully submit that all requirements under 37 C.F.R. § 1.10(a) and (c) have been fully met and that a filing date of June 5, 2001 is proper.

Applicants also respectfully request the issuance of a corrected Filing Receipt that accurately reflects the filing date of the application, *i.e.*, June 5, 2001.

Applicants submit that, since the error was on the part of the U.S. Patent and Trademark Office, no fee is due in connection with this request. However, should the Office determine otherwise, please charge any required fee to Jones Day Deposit Account Number 503013.

Respectfully submitted,

Date: April 14, 2004
